

Green "B&G" Sprayer

GREEN "B&G" SPRAYER

Promotes a "Green Image" to your customers. Can be used with all natural products, most common insecticides and Non Repellant type products. In addition to promoting a green image, with its green top and bottom, it allows the technician to easily identify the contents of the sprayer.

- » Models with 9" or 19" extensions available
- » Chemical resistant hose
- » 4-way tip
- » Green top and carpet protector
- » This sprayer meets the labeling requirements of most "Common Insecticides"
